Aloe Bariatric Seating

TESTIMONIAL

Our Infection Control Department needed products that were resistant to harboring bacteria and had easy clean-ability, which is why we like IC+ Upholstery Solution from healthCentric. The durable, cleanable and impermeable upholstery on the Aloe Guest Chairs and Tables are perfect for the department.

We also decided to purchase the healthCentric Bariatric Guest chairs for our exam rooms and have practically standardized the Bariatric Guest Chair for our high-use areas such as express cares and emergency department, in sizes, 21", 24" and 30", so we can accommodate everyone comfortably.

"On top of the high quality products, our healthCentric representative was very responsive to our pricing needs, and provided us with samples and layout ideas."
